

## Uganda Volunteer/Intern/Visitor Requirements

6/30/2010

**Required length of stay:** 2 months up to one year

**Number of Volunteers/Interns per year:** Because the office space and staff in Uganda are limited, BeadforLife is only able to accommodate 2-3 volunteers and/or interns per year. If you are interested in applying for a volunteer or intern position, please make sure you meet the required stay, skill set, and experience we seek.

**Airfare:** Unless otherwise specified either by a BeadforLife staff member or an approved volunteer/intern position, BeadforLife does not pay for airfare to/from Uganda.

**Medical Insurance:** All VIP visitors/Volunteers/Interns staying in Uganda longer than one week are required to show proof of medical insurance, as well as emergency evacuation coverage at time they are accepted to visit or volunteer at the BeadforLife Uganda office. BeadforLife WILL NOT cover any required shots before arriving in Uganda or any medication taken while in Uganda. An example of such medication is malaria pills.

**Uganda Visitor Visa:** All visitors going to Uganda are required to purchase a 3-month Visitor Visa. Visas can be purchased either in the U.S. or at the Uganda airport upon arrival. If you purchase your Visitor Visa in Uganda, the cost is \$50 U.S. Unless otherwise specified by the BeadforLife Uganda Executive Director or an approved volunteer/intern position, BeadforLife does not pay for Uganda Visitor Visas. **Note:** When arriving in Uganda, it is best to say that you are "visiting" BeadforLife and not "working" for us. There are very strict foreigner working restrictions in Uganda, and so you'll want to be clear that you're not working for us, but simply visiting our offices.

**Housing:** Housing IS NOT provided for VIP visitors/volunteers/interns unless otherwise specified by the BeadforLife Uganda Executive Director or an approved volunteer/intern position.

**Finances:** Unless otherwise specified by the BeadforLife Uganda Executive Director or an approved volunteer/intern position, BeadforLife does not pay for transportation around Kampala, food, or any type of personal spending.
